DECISION AND ORDER

California State Employees Association (hereafter CSEA) has appealed the attached decisions of the San Francisco regional director that the showing of support by CSEA in support of its applications to participate in the University of California unit determination hearings as a party of interest in two units

(IP-16 and IP-17) were insufficient to meet the requirements of former PERB rule 51220(c)(2).1

PERB rule 32700(b) and (e)(4)2 require that membership lists submitted as proof of support must be accompanied by the date of each member's signature on an enrollment, membership

1PERB rules are codified at California Administrative Code, title 8, section 3100 et seq.

Former PERB rule 51220(c) provides:

. . . An employee organization may be allowed to participate fully in a representation hearing provided:

.

(c) The Hearing Officer determines that the organization has either:

(1) 10 percent support of any unit in dispute at the hearing, or

(2) 10 percent support of a proposed unit which overlaps another unit in dispute at the hearing.

2PERB rule 32700(b) and (e)(4) provide:

(b) The proof of support shall indicate each employee's printed name, signature, job title or classification and the date on which each individual's signature was obtained. A signature without evidence that it was obtained within one calendar year prior to the filing of the petition requiring employee support shall be invalid for the purpose of calculating proof of support. Any signature meeting the requirements of this section shall be considered valid even though the signator

application, or designation card and that such signatures must have been obtained within one calendar year prior to the filing of the petition. The regional director properly applied this rule in this case. His findings and decisions are AFFIRMED.

PER CURIAM

has executed authorizations for more than one employee organization

.....

(e) Subject to subsections (a), (b), (c) and (d) of this regulation, proof of support may consist of any one of the following or a combination thereof:

.....

(4) A notarized membership list, provided it is accompanied by the date of each member's signature on an enrollment, membership application, or designation card or cards, supported by a declaration under penalty of perjury that the employee organization has on file the aforementioned documents which indicate the employee's desire to be represented by the employee organization. A sample of such signed cards shall accompany the list.

Re: Case No. IP-6 (SF-PC-1032) Systemwide Operations &
Services Unit

Dear Mr. Heine:

After an initial determination found the showing submitted in support of your request to be an Interested Party in the above referenced case to be insufficient, an additional time period in which to perfect your showing was granted.

Supplemental showing of support was submitted in the forms of authorization cards and petitions pursuant to PERB Regulation 32700 (e) (3) and membership lists pursuant to PERB Regulation 32700 (e) (4) which states that a proof of support may consist of a "notarized membership list, provided it is accompanied by the date of each member's signature on an enrollment, membership application, or designation card or cards...." The dates which accompanied each name were checked for validity in accordance with PERB Regulation 32700 (b), which states that a "signature without evidence that it was obtained within one calendar year prior to the filing of the petition requiring employee support shall be invalid for the purpose of calculating proof of support." Thus, even assuming that the names submitted are otherwise valid, the total number of validly dated names is 1,071, which is 29 short of the 1,100 needed to constitute the ten (10) percent showing of support required by PERB Regulation 51220 (c) (2).

An appeal of this decision may be made to the Board itself within ten calendar days of service by filing a statement of the facts upon which the appeal is based with the Executive Assistant to the Board at 923 12th Street, Suite 201,
